

# Program

Midway into the 'Intendant Cultural Diversity' project, the **6(0) ways...** program showcases the diversity of each team's projects. Over two evenings the various approaches will be debated via relevant themes, statements and the urgent issues generated thereby. Each team has therefore invited a number of foreign and local guests. The program aims to show that no single approach to cultural diversity is correct, but that there must be **6(0) ways...**

You are welcome from 4:30 on each day. The program begins at 5pm. During the intermission a dinner buffet will be offered.

Lilet Breddels, coordinator of the 'Intendant Cultural Diversity' project, is in charge of the evening.

The main language of the evening will be English, other languages will also make periodic appearances.
